

Dear Nitesh Sah,

You have been appreciated by BFSI SEAL HR Team.

Leading by example is an exemplary quality which is not easy, though you make it seem effortless. Thank you for being an embodiment of TCS Values.

We are glad to note that you have transitioned to working from the office regularly. By being a RTO Catalyst, you and more like you are enabling a work environment in office which promotes easier collaboration, learning and sharing of ideas. We urge you to continue being a role model to your colleagues and encourage those around you.
